

Liquid Laundry
Packet Safety

High 5

a safety checklist

- Place liquid laundry packets up and out of children's reach and sight.
- Keep packets in their original container and keep the container closed.
- Let your kids help you do laundry by sorting clothes, not by tossing the liquid laundry packet into the washer.
- Save the Poison Help line in your phone: 1-800-222-1222. If a child gets into liquid laundry packets, call this number immediately.
- Clean your dryer's lint filter and remove lint that has collected around the drum.
