Three recalls of food products more likely to be on a kids' menu can be found on the right-hand-side. Here are links for all food/drug recall information announced by the [Food and Drug Administration](#) and the [USDA Food Safety and Inspection Service](#).

## TOP FOOD RECALLS

### [ByheartWhole Nutrition Infant Formula](#)

Potential for cross-contamination with Cronobacter sakazakii; FDA

### [James Farms Frozen Raspberries](#)

Potential Hepatitis A contamination; FDA

### [Favorina Advent Calendar](#)

Potential Salmonella contamination; FDA

## ANNOUNCEMENTS

This month, we are highlighting two NHTSA recalls. Following news of another fatality related to this recall, we remind consumers that millions of vehicles with Takata airbags were recalled because the airbags can explode when deployed. Additionally, JD E-Commerce America Limited recalled certain Marainbow Portable Infant Safe Seat child seats because an incorrect installation label may result in an improperly installed child seat, increasing a child's risk of injury in a crash. We recommend that consumers register their car seats and vehicles at [safercar.gov](#) to ensure they are notified of these recalls as they arise.

## TOP RECALLS

[December 1, 2022 CPSC](#); Conair recalled its Cuisinart Compact Blender & Juice Extractor Combos Model CBJ-450 because the nut holding the blender blade assembly can loosen and detach from the base when in use, posing a laceration hazard if a consumer comes in contact with a loose blade. Units: About 66,000 (an additional ~1,500 in Canada).

[December 1, 2022 CPSC](#); Target recalled its Cloud Island 4-Piece Plush Toy Sets because the tires on the toy vehicles can detach, posing a choking hazard to children. Units: About 23,400.

[November 28, 2022 NHTSA](#); JD E-Commerce recalled certain Marainbow Portable Infant Safe Seat child seats because the installation labels display incorrect instructions and the child seat's design prohibits its from being installed properly, posing a risk of serious injury to children.

[November 23, 2022 CPSC](#); Bentex recalled its Children's clothing sets because the textile ink painted on the clothing sets contains levels of lead that exceed the federal lead paint ban, posing a lead poisoning hazard and causing adverse health issues if ingested by young children. Units: About 87,000.

[November 23, 2022 CPSC](#); Green Sprouts recalled its Stainless Steel Straw Bottles, Sippy Cups and Sip & Straw Cups because the bottom base can break off, exposing a solder dot that contain lead, posing a lead poisoning hazard to the child. Units: About 10,500.

## RECALLS

[December 12, 2022 FDA](#); Detect Inc. recalled its Covid-19 Test because the tests from lot numbers HB264, HY263, and HY264 may give false negative results.

[December 12, 2022 CPSC](#); A1En USA recalled Art of Green laundry detergent products because they contain bacteria, including *Pseudomonas aeruginosa*. People with weakened immune systems or external medical devices face a risk of serious infection if exposed to these bacteria. Units: About 14,550.

[December 8, 2022 CPSC](#); The Life is Good Company recalled its Fall 2022 Darkest Blue Fleece Women's Sweatshirts and Men's Shorts because the clothing fails to meet flammability standards for clothing textiles, posing a risk of burn injuries to consumers. Units: About 750.

[December 8, 2022 CPSC](#); Ortal recalled its Traditional 90 and 110 Gas Fireplaces because the improper installation of the fireplaces can lead to problems with heat and/pr ventilation, posing a fire hazard. Units: About 400.

[December 8, 2022 CPSC](#); 3M recalled its Scotch TL1302 Thermal Laminators because a safety feature can malfunction if the laminator overheats, posing a fire hazard. Units: About 516,500 (an additional 3,560 in Canada).

[December 1, 2022 CPSC](#); eWheels recalled its Gotway and Begode unicycles's because the lithium-ion batteries can ignite, posing a fire hazard. Units: About 500.

[December 1, 2022 CPSC](#); Conair recalled its Cuisinart Compact Blender & Juice Extractor Combos Model CBJ-450 because the nut holding the blender blade assembly can loosen and detach from the base when in use, posing a laceration hazard if a consumer comes in contact with a loose blade. Units: About 66,000 (an additional ~1,500 in Canada).

[December 1, 2022 CPSC](#); JBR solutions recalled its Aduro surge protectors because they contain incorrect polarization and poorly soldered connections, posing shock and fire hazards. Units: About 51,750.

[December 1, 2022 CPSC](#); Target recalled its Cloud Island 4-Piece Plush Toy Sets because the tires on the toy vehicles can detach, posing a choking hazard to children. Units: About 23,400.

[December 1, 2022 CPSC](#); HABA USA recalled its Discovery Cubes Animal Hide and Seek Activity Toy because the seam on the toy's house can open, allowing a young child access to the toy's filling, posing choking and ingestion hazards if placed in the mouth. Units: About 800.

[December 1, 2022 CPSC](#); American Honda recalled its 2022 model year Honda TRX90X ATVs because the vehicle's throttle cable can get stuck, posing crash and injury hazards. Units: About 2,900.

[December 1, 2022 CPSC](#); The Laundress recalled its laundry and household cleaning products because they contain bacteria, including Burkholderia cepacia complex, Klebsiella aerogenes and multiple different species of Pseudomonas, posing a risk of serious infection to people with weakened immune systems, external medical devices, and underlying lung conditions. Units: About 8 million.

[November 28, 2022 NHTSA](#); JD E-Commerce recalled certain Marainbow Portable Infant Safe Seat child seats because the installation labels display incorrect instructions and the child seat's design prohibits its from being installed properly, posing a risk of serious injury to children.

[November 23, 2022 CPSC](#); Bentex recalled its Children's clothing sets because the textile ink painted on the clothing sets contains levels of lead that exceed the federal lead paint ban, posing a lead poisoning hazard and causing adverse health issues if ingested by young children. Units: About 87,000.

[November 23, 2022 CPSC](#); Indigo Books & Music recalled its Indigo branded Papa Bear and Mama Bear Mugs because they can crack or break when filled with hot liquid, posing burn and laceration hazards. Units: About 270 (an additional ~29,232 in Canada).

[November 23, 2022 CPSC](#); Green Sprouts recalled its Stainless Steel Straw Bottles, Sippy Cups and Sip & Straw Cups because the bottom base can break

off, exposing a solder dot that contain lead, posing a lead poisoning hazard to the child. Units: About 10,500.

---

This service collects recalls from the [National Highway Traffic Safety Administration](#), [Consumer Product Safety Commission](#), [Food and Drug Administration](#) and [Food Safety and Inspection Service](#). Parents Central at [NHTSA's safercar.gov](#) is a go-to resource on car seats.

A few more reminders:

- Register all new car seats and booster seats. <http://www-odi.nhtsa.dot.gov/recalls/register/childseat/>
- Be careful about using hand-me-downs or buying children's products at a secondhand shop or yard sale.
- It violates federal law to sell recalled products. If you know of an unsafe product, you can report it to the CPSC. <https://www.saferproducts.gov/CPSRMSPublic/Incidents/ReportIncident.aspx>
