  - Undeclared milk; FDA

- **Nature’s Energy Children’s Chewable Colostrum**
  - Undeclared milk; FDA

- **Van Leeuwen Brown Sugar Chunk Ice Cream Pints**
  - Undeclared walnuts; FDA

**ANNOUNCEMENTS**

**32 Models of Generac® and DR® Portable Generators Pose Finger Amputation and Crushing Hazards**

Generac Power Systems, Inc. has agreed to pay a $15,800,000 civil penalty after failing to immediately report a substantial product hazard. 32 models of its Generac® and DR® 6500 Watt and 8000 Watt portable generators contain a defect that poses a finger amputation and crushing hazard to consumers. The reported incidents began in 2018.
and the recall was announced in July 2021.

**Immeadiately Stop Use of Amazon’s BQQZHZ Combination Smoke and Carbon Monoxide Detectors**
The U.S. Consumer Product Safety Commission (CPSC) warns consumers to stop using and dispose of the BQQZHZ combination smoke and carbon monoxide detectors sold on Amazon.com immediately because they can fail to alert consumers to the presence of hazardous smoke and fire. Consumers should replace these non-working detectors with detectors that meet safety standards and can properly detect dangerous levels of smoke or carbon monoxide.

**TOP RECALLS**

**May 25, 2023 CPSC:** The Good and the Beautiful recalled its Math 1 and Math 3 Boxes with metallic whiteboards because the whiteboard attached to the boxes can become detached exposing sharp edges, posing a laceration hazard. Units: About 103,200 (an additional ~ 1,820 in Canada).

**May 18, 2023 FDA:** Novis PR LLC recalled its G-Supress DX Pediatric Drops because some cartons of the product have been found to contain an incorrect product, an anesthetic/analgesic instead of cough suppressant, expectorant, and nasal decongestant drops. The incorrect product puts children at risk of serious adverse events, including alcohol toxicity.

**May 18, 2023 CPSC:** Empower Brands recalled its PowerXL Stuffed Wafflizer waffle makers because hot pieces of the waffle or stuffing can be expelled from the waffle maker during use or upon opening the product, posing a burn risk to consumers. Units: About 456,000.

**May 18, 2023 CPSC:** Target recalled its Threshold Glass Jar Candles because the jar can crack or break during use, posing laceration and burn hazards. Units: About 4.9 million.

**May 11, 2023 CPSC:** Peloton recalled its Peloton Bikes Model PL01 because the bike’s seat post assembly can break during use, posing fall and injury hazards to the user. Units: About 2.2 million.

**May 11, 2023 CPSC:** American Woodmark recalled its Continental Cabinets and Hampton Bay Kitchen Wall Cabinets because the cabinets can detach from the wall, posing an impact hazard. Units: About 235,000.
May 10, 2023 FDA; BearCare recalled its rechargeable Walnut Wearable Smart Thermometer intended for chest temperature monitoring of children ages 0-6 because they have received consumer complaints of minor to severe skin burns and skin irritation in children.

May 5, 2023 FDA; SD Biosensor, Inc. recalled its Pilot COVID-19 At-Home Tests because they potentially contain harmful bacteria, posing a risk of serious illness if the user is directly exposed to the liquid in the tube through misuse or spillage could potentially lead to serious illness.

May 4, 2023 FDA; Family Dollar recalled its Advil over-the-counter drug products because they were stored by Family Dollar outside of labeled temperature requirements.

May 4, 2023 CPSC; ODL recalled its Severe Weather Doorglass Inserts because the adhesive bond holding the doorglass inserts can become separates from the door causing a risk of injury and property damage from windborne debris. Units: About 39,100.

May 4, 2023 CPSC; Ricky Powersports recalled its Youth All-Terrain Vehicles (ATVs) because they fail to comply with mandatory requirements, including parking brake requirements and safety requirements of ATVs intended for children 10 years of age and older, posing a risk of serious injury or death. Units: About 570.

May 4, 2023 CPSC; Walker Edison Furniture recalled its Twin Over Twin Bunk Beds because the wooden slats supporting the bunk beds can break while in use, posing fall and impact hazards. Units: About 121,000.

May 4, 2023 NHTSA; Baby Trend, Inc. recalled its Hybrid 3-in-1 Combination Booster Seat-Desert Blue child seats because the latch assembly webbing that secures the child restraint system to the lower anchorages may fray, which can reduce the strength of the webbing and fail to properly restrain a child in a crash. Units: About 2,600.

RECALLS

May 25, 2023 CPSC; The Good and the Beautiful recalled its Math 1 and Math 3 Boxes with metallic whiteboards because the whiteboard attached to the boxes can become detached exposing sharp edges, posing a laceration hazard. Units: About 103,200 (an additional ~ 1,820 in Canada).

May 25, 2023 CPSC; Bunch Bikes recalled its Preschool Electric Bicycles because the paint on the recalled electric bikes contains levels of lead that exceed the federal lead paint ban, posing a risk of lead poisoning and adverse heath issues if ingested by young
children. Units: About 150.

**May 25, 2023 CPSC:** Juratoys recalled its Janod Sweet Cocoon Activity Tables because the table contains a silver metal bell which can detach from its metal arch, posing a choking hazard to young children. Units: About 5,080 (an additional ~1,030 in Canada).

**May 18, 2023 FDA:** Novis PR LLC recalled its G-Supress DX Pediatric Drops because some cartons of the product have been found to contain an incorrect product, an anesthetic/analgesic instead of cough suppressant, expectorant, and nasal decongestant drops. The incorrect product puts children at risk of serious adverse events, including alcohol toxicity.

**May 18, 2023 CPSC:** Empower Brands recalled its PowerXL Stuffed Wafflizer waffle makers because hot pieces of the waffle or stuffing can be expelled from the waffle maker during use or upon opening the product, posing a burn risk to consumers. Units: About 456,000.

**May 18, 2023 CPSC:** Target recalled its Threshold Glass Jar Candles because the jar can crack or break during use, posing laceration and burn hazards. Units: About 4.9 million.

**May 18, 2023 CPSC:** Kell Electronic recalled its Personal Chiller Mini Fridge Gamer Beverage Refrigerators with LED Lights because the power cord can overheat, posing a burn hazard. Units: About 25,000.

**May 18, 2023 CPSC:** Cycle Force recalled its Ventura Adult Bike Helmets because they do not comply with the positional stability requirement of the CPSC federal safety standard for bicycle helmets, posing a risk of head injury. Units: About 1,750.

**May 18, 2023 CPSC:** DKB Household recalled its Cole & Mason 505WEG Pepper Mills exclusively sold at Wegmans Food Markets because the pepper mills contain a metal grinding mechanism that lets off metal “shards” for the first 10 grinds, posing a laceration hazard. Units: About 9,340.

**May 18, 2023 CPSC:** Acme United recalled its PhysiciansCare Allergy, Allergy Plus and Cold and Cough Tablets because the products contain diphenhydramine hydrochloride and acetaminophen but is not child resistant, posing a risk of poisoning if the contents are swallowed by young children. Units: About 2,400.

**May 11, 2023 CPSC:** Peloton recalled its Peloton Bikes Model PL01 because the bike’s seat post assembly can break during use, posing fall and injury hazards to the user. Units: About 2.2 million.

**May 11, 2023 CPSC:** American Woodmark recalled its Continental Cabinets and Hampton Bay Kitchen Wall Cabinets because the cabinets can detach from the wall,
posing an impact hazard. Units: About 235,000.

**May 11, 2023 CPSC:** Advanced EV recalled its Advent 4F, Advent 4FL, Advent 6 and Advent 6L golf carts because the cart’s front seat can become loose due to missing rubber grommets, posing fall and injury hazards to operators and/or passengers. Units: About 2,500.

**May 10, 2023 FDA:** BearCare recalled its rechargeable Walnut Wearable Smart Thermometer intended for chest temperature monitoring of children ages 0-6 because they have received consumer complaints of minor to severe skin burns and skin irritation in children.

**May 5, 2023 FDA:** SD Biosensor, Inc. recalled its Pilot COVID-19 At-Home Tests because they potentially contain harmful bacteria, posing a risk of serious illness if the user is directly exposed to the liquid in the tube through misuse or spillage could potentially lead to serious illness.

**May 4, 2023 FDA:** Family Dollar recalled its Advil over-the-counter drug products because they were stored by Family Dollar outside of labeled temperature requirements.

**May 4, 2023 FDA:** Akorn updated its recall of various human and animal drug products because the company has ceased and shut down all operations, including the quality program to assure that products meet the identity, strength, quality, and purity standards.

**May 4, 2023 CPSC:** Positec recalled its Blue Ridge Utility Knives because the knife can become unlocked and the blade can protrude only while in the original packaging, posing a laceration hazard. Units: About 36,250.

**May 4, 2023 CPSC:** The Company Store recalled its Children’s white robes because they fail to meet the federal flammability standards for children’s sleepwear, posing a risk of burn injuries to children. Units: About 930.

**May 4, 2023 CPSC:** CultureFly recalled its L.O.L. Surprise! Trick or Treat subscription boxes sold with Metal Doll Pins because the paint on the pins contains levels of lead that exceed the federal lead paint ban, posing a lead poisoning hazard. Units: About 6,600.

**May 4, 2023 CPSC:** ODL recalled its Severe Weather Doorglass Inserts because the adhesive bond holding the doorglass inserts can become separates from the door causing a risk of injury and property damage from windborne debris. Units: About 39,100.

**May 4, 2023 CPSC:** Ricky Powersports recalled its Youth All-Terrain Vehicles (ATVs) because they fail to comply with mandatory requirements, including parking brake
requirements and safety requirements of ATVs intended for children 10 years of age and older, posing a risk of serious injury or death. Units: About 570.

May 4, 2023 CPSC; Walker Edison Furniture recalled its Twin Over Twin Bunk Beds because the wooden slats supporting the bunk beds can break while in use, posing fall and impact hazards. Units: About 121,000.

May 4, 2023 NHTSA; Baby Trend, Inc. recalled its Hybrid 3-in-1 Combination Booster Seat-Desert Blue child seats because the latch assembly webbing that secures the child restraint system to the lower anchorages may fray, which can reduce the strength of the webbing and fail to properly restrain a child in a crash. Units: About 2,600.

This service collects recalls from the National Highway Traffic Safety Administration, Consumer Product Safety Commission, Food and Drug Administration and Food Safety and Inspection Service. Parents Central at NHTSA’s safercar.gov is a go-to resource on car seats.

A few more reminders:

- Register all new car seats and booster seats. https://go.pardot.com/e/957122/recalls-register-childseat-d3nw4/491725902?h=ur1t9L45WYNjtEKtNOsLK1hc8AeGfXGRUZ5s7DcWj44
- Be careful about using hand-me-downs or buying children’s products at a secondhand shop or yard sale.
- It violates federal law to sell recalled products. If you know of an unsafe product, you can report it to the CPSC. https://go.pardot.com/e/957122/-Incidents-ReportIncident-aspx/d3nw7/491725902?h=ur1t9L45WYNjtEKtNOsLK1hc8AeGfXGRUZ5s7DcWj44
